FROM CHIEF EDITOR'S DESK

This is the era of smart engineers who are capable to communicate in technical language with positive thinking. The body language and communication skills of today's technocrat should be as per the protocols and need of the ground situations.

PROF.(DR.)K.K.SAINI
Director-Principial

FROM EDITOR'S DESK

It gives me great pleasure to bring you the first issue of Gulfishan, the college newsletter of HCE. The name and fame of an institute depends on the caliber and achievements of the students and teachers. The role of a teacher is to be a facilitator in nurturing the skills and talents of students. Gulfishan presents the achievements of students and contributions of teachers. I would like to place on record my gratitude and heartfelt thanks to all those who have contributed to make this effort a success. I truly hope that the pages that follow will make an interesting read.

BRIEF RESUME OF FACULTY OF THE MONTH

Name: Dr. Aarti Gupta
(Head of Department of EE)
Designation: Assistant Professor
Qualifications: B.E., M.Tech. (Power Systems), Ph.D
Research Area: Renewable energy, Microgrid, Wind Energy Conversion Systems
Achievements: Publications in reputed Journals like Springer, IET and RPG
Total Experience: 15 years

EE NEWS

**Vitiya Saksharta
Abhiyan**

Upcoming Events

- Intra-departmental Technical Quiz.
- Alumni Talk- Mr Harish Sharma, Junior Statistical Officer, Govt. of India, will deliver a lecture on SSC - CGL and motivational lecture.

This month has seen a flurry of activities in the electrical department. The classes have started right in earnest and the students are back after a well deserved break from academics activities.

Mr Charanjeet Madan , initiated the digitisation scheme run by MHRD and around 50 volunteers from the electrical department including staff and students registered for the same. One day workshop, 'Vitiya Saksharta Abhiyan' on 19th Jan was coordinated with the association of Canara Bank. All the staff members

benefited from the expert lecture delivered by Miss Swapnil Shukla, who detailed the various digital transaction schemes run by her bank.

A placement drive for eligible students of final year electrical was held on 17th Jan and consequently six of our students were placed in unique Infrastructures, an IT company based in Jaipur. A series of technical workshops is planned for the students in the upcoming month which will help them to update themselves. Our students are participating in the marathon race organised

by DCRUST, Murthal on 1st Feb. Our best wishes are with them. We at electrical department believe that

GOOD, BETTER, BEST

NEVER LET IT REST

TILL YOUR GOOD IS BETTER

AND YOUR BETTER IS BEST

ECE NEWS

ECE department organized Presentation of Dissertation Phase 1 of M Tech Students on 21 Jan 2017.

Following students from ECE has been selected for unique infrastructure limited:

- 1 Nandani
- 2 Prabal Rana
- 3 Saksham Sharma

- 4 Abhishek Garg
- 5 Vikrant
- 6 Sanchit Juneja
- 7 Nitu Tiwari
- 8 Jatin Sharma
- 9 Shankar
- 10 Prince

CE NEWS

• Neeraj Kalia, a pass-out student from CE department (2015 batch) has been selected in UHBVNL as an Assistant Engineer.

• CE students reached up to finals of basketball and football tournament organized in GD Goenka University, Gurugram.

• Four students participated in Marathon organized by DCRUST on 1st February.

• Five students of CE department selected in Infra-Solutions, Jaipur in campus placement at HCE, Sonapat.

CSE & IT NEWS

Classes are started in full swing. Department organized a live session in the college for All India Council for Technical Education (AICTE) sponsored "Smart India Hackathon" in February 2017. A lecture regarding it was delivered by H'ble HR minister

Sh. Parkash Jawadekar and telecasted live in. Civil seminar hall on 17.01.2017. Ms. Ayushi attended FDP on " Leveraging Technology for Quality Education" at BVICAM on Jan 27-28,2017.

LIFE TIME ACHIEVEMENT AWARD

PROF.(DR.)K.K.SAINI, Director-Principal of Hindu College of Engineering Sonapat has been awarded for life time achievement award for his contribution in technical education. He has received the award in an international conference held at Bangkok on Jan 06,2017. For further details refer the website www.drkksaini.in

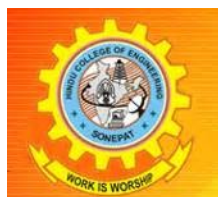

PLACEMENT DRIVE

Unique Infrasolutions visited the college campus for placement on Jan18,2017. Number of colleges from surrounding participated in it. Selection process is divided into two phases. 80 students are selected for second phase after group discussion. 46 students are selected in phase 2 after personal interview. 21 students from HCE were selected in the pool campus.

Engineering students should think like entrepreneurs

Entrepreneurs can be of any age, sex, region, religion and can come from anywhere. As far as I know they do not wear any uniform or carry any membership card of an entrepreneurship club. The main objective for writing this article is to aware students about the post scenario of their education at college. Students are doing bachelor degree in engineering from reputed institutes; still they are not able to get good jobs as per their requirements. However, if some students manage to get certain job, still they have to wait for a long time to achieve certain appreciable position or designation in that particular organization. My question to engineering students is: **“Why to wait for such a long period to achieve a good position to work for others”?** Students should start developing entrepreneurial skills in them just from the inception of their duration at college. They learn many new things in their course of study which they can apply to act and work as an entrepreneur and can even provide better jobs to others also. **“Why to be a Job Seeker, when you can be a Job Provider”?** With this objective, I would like to suggest certain points to the students-the way entrepreneurs think and act:

- Recognize opportunities
- Comfortable in risk taking
- Creative and Innovative
- Future oriented
- Flexible and Adaptable
- Initiator and Self-directed
- Critical thinker and Problem solver
- Communicate and Collaborate

If the students keep these points always in their mind while getting their education, they may be definitely benefited and can be a good entrepreneur who can even benefit the society also.

Kamal Budheeja
Assistant Professor
Department of Mechanical Engineering
