FROM CHIEF EDITOR'S DESK

I would like to advise the young technocrats that basic fundamental knowledge of subject is foremost than securing eighty percent marks in any degree. Besides technical knowledge of subject communication skills should be strong to be a successful, goal-oriented and result-oriented engineer.

FROM EDITOR'S DESK

Nurturing creativity and inspiring innovation are two of the key elements of a successful education, and a college newsletter is the perfect amalgamation of both. It harnesses the creative energies of the academic community, and distils the essence of their inspired imagination in the most brilliant way possible. Thanks to all HCEians for making it possible.
